

Individual Diverse Global Distinct  
Artists who champion good causes

I'm Aditya Adam, the person behind the illustration project damdampops. I grew up in Yogyakarta on Java Island and now I'm based in Bali, Indonesia. My work is shaped by bold lines and quirky characters, often inspired by small moments I notice while cycling by the beach near my home. I love translating everyday life into simple characters with personality, using illustration as a way to slow down and pay attention while everything else moves so fast.
