

Individual Diverse Global Distinct  
Artists who champion good causes

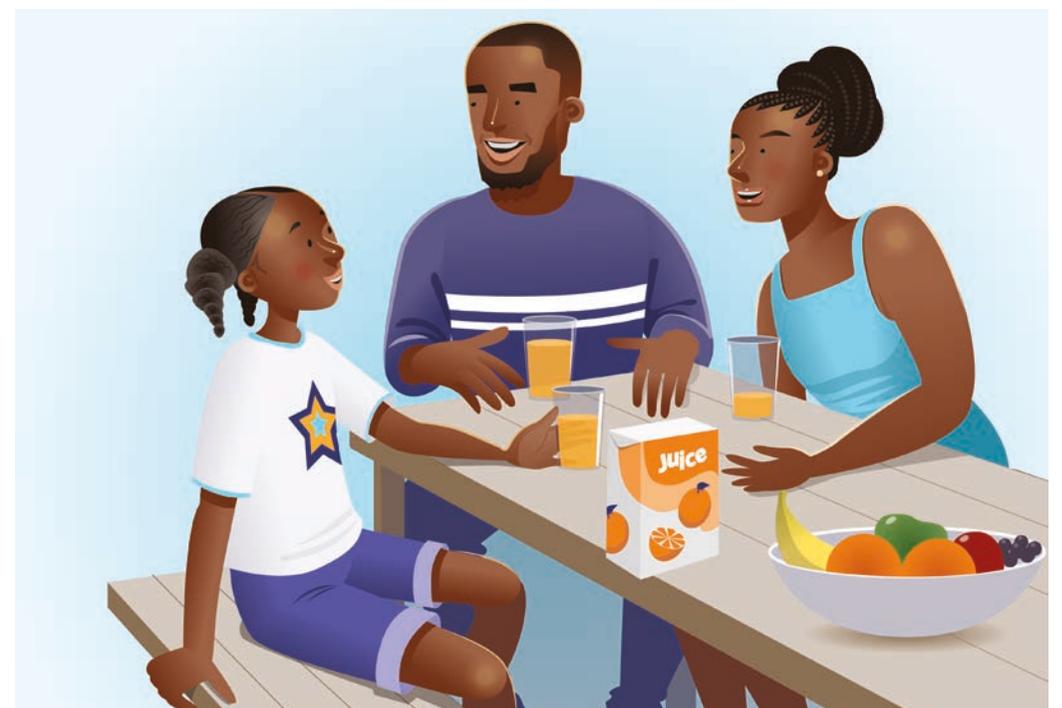

Danni grew up in the UK, between London and Essex. She graduated from De Montfort University with a BA (Hons) in Graphic Design and Illustration. She has always been fascinated by picture books and magazines. Her work is also inspired by pop culture, and people watching. She likes using pictures to tell stories, and to capture people's little quirks and unique traits.

Her favourite thing about being an illustrator is the escapism it provides, and the opportunity to create characters and build worlds. She works primarily with vector illustration, using Adobe Illustrator. If she weren't an illustrator, she would love to do something that involves telling stories, such as an author.
