Individual Diverse Global Distinct  
Artists who champion good causes

Hi, I'm Kim Dong Hoon. I was born in Korea and currently live in Sejong City. My wife, two children, and a Persian cat (Monchi) are my family. I majored in mechanical engineering and had a job in the same field, but I was unable to give up my longing for painting, so I belatedly chose painting as a lifelong career. I love drawing children, cute animals, and nature, as well as creating humorous situations in my drawings. I currently work digitally and my inspiration comes from movies, animation, other artists' work, natural scenery, and many more. The older I get, the more I enjoy walking and painting and I'm always grateful to create pictures that make children laugh.
