Artists who champion good causes

Hello! I'm Mez, an English Illustrator living in France - my home for the last 16 years. I graduated in Graphic Design from EPSAA in Paris, where I also studied illustration. But, my passion for illustration really began when illustrating juice and soup packaging designs in my first job as a junior Artistic Director. Encouraged by my, then, boss (and still super friend) I started my career as an illustrator and I love my work! I love to write and sketch - imagining and designing characters - giving them a home in a story. I enjoy creating their playful worlds and magical universes used in/on all sorts of supports. I am always cooking - food is a big inspiration for me and my work, along with my beautiful dog Paris, who is behind every smile I draw - and I'd like to hope each smile brings a little happiness to someone.
